Academic Library Design And Planning

Welcome. Welcome to Academic Library Building Design: Resources for Planning. In response to frequent inquiries for information about planning academic library buildings and space, the Association of College and Research Libraries (ACRL) and the Library Leadership and Management Association (LLAMA) have joined forces to provide a basic framework for architects, planners, and librarians embarking on the planning and design of libraries for higher education.

Academic Library Building Design: Resources for Planning: Home

As a result, when planning academic libraries, it is imperative for the design team to incorporate quiet, comfortable, and adequate space for study. Since academic libraries rely heavily on collections of print material, as opposed, for example, to the large variety of video, audio, and other forms of media commonly found in school libraries, compact shelving to house growing collections is equally an important design consideration as adequate reader seating.
