Featuring essays by some of the most prominent names in contemporary political and cultural theory, *Sovereignty in Ruins* presents a form of

critique grounded in the conviction that political thought is itself an agent of crisis. Aiming to develop a political vocabulary capable of critiquing and transforming contemporary political frameworks, the contributors advance a politics of crisis that ...

**Duke University Press - Sovereignty in Ruins**

Media have been central to government efforts to reinforce sovereignty and define national identity, but globalization is fundamentally altering media practices, institutions, and content. More than the activities of large conglomerates, globalization entails competition among states as well as private entities to dominate the world's consciousness.
