The Radium Girls The Dark

"Like Da a Sobel's The Glass Universe and Margot Lee Shetterly's Hidden Figures, Kate Moore's The Radium Girls tells the story of a cohort of women who made history by entering the workforce at the dawn of a new scientific era. But the young women--many of them just teenagers--who learned the skill of painting glow-in-the-dark numbers on clock faces and aeronautical gauges early in the twentieth century paid a stiff price for their part in this breakthrough involving the deadly element, radium.

Radium sparkled, glowed, and was thought to be good for your health. It was heralded as the worlds newest wonder!! One of the uses was to make watches and clocks easier to see because the radium made the dial light up in the dark. Girls as young as 14 were recruited to join in on the exciting new job opportunity.

The Radium Girls were female factory workers who contracted radiation poisoning from painting watch dials with self-luminous paint. The painting was done by women at three different United States Radium factories, and the term now applies to the women working at the facilities: one in Orange, New Jersey, beginning around 1917; one in Ottawa, Illinois, beginning in the early 1920s; and a third facility in Waterbury, Connecticut. The women in each facility had been told the paint was harmless, and

Book Review: 'The Radium Girls,' By Kate Moore : NPR

Based on true events of the 1920's, Radium Girls stars Emmy and Golden Globe nominee Joey King ("The Act," The Kissing Booth) and Abby Quinn ("I'm Thinking of Ending Thing," "Landline") as Bessie and Jo Cavallo. The teen sisters dream of Hollywood and Egyptian pyramids as they paint glow-in-the-dark watch dials at the American Radium factory in New Jersey.

Radium's luminosity was part of its allure, and the dial painters soon became known as the "ghost girls" — because by the time they finished their shifts, they themselves would glow in the dark.

The Forgotten Story Of The Radium Girls, Whose Deaths ...

Young women wanted to work in the factories that used radium paint--mostly for clock dials that glowed in the dark, but also for instruments used by pilots in the war. Like so many "new" things, radium was hailed as a wonderful thing, and was even used in cosmetics, toothpaste, and other products.

The Radium Girls: The Dark Story of America's Shining ...

"The harrowing true story of The Radium Girls is a compelling and forthright portrayal of a dark, insidious mystery and the 'shining girls' who revealed it. Author Kate Moore takes the reader from Orange, New Jersey, to Ottawa, Illinois, following several women who work at factories that specialize in painting watch faces and instrument dials with the glow-in-the-dark wonder element radium.

The Radium Girls: The Dark Story of America's Shining ...

Based on the true story of a group of young female factory workers in the 1920s who began developing mysterious, devastating illnesses, "Radium Girls" is bogged down by a trite script, inconsistent character motivations, and an over-reliance on historical footage that has little to do with the film itself. The anger inspired by what happened to these women is invigorating, but that fury is rarely felt from what "Radium Girls" offers as a cinematic experience.
