A devout neoconservative who served as undersecretary of defense for policy from 2001 to 2005 and was charged with planning for a post-Saddam Iraq, Feith has published the first insider account of the Rumsfeld Pentagon's decision making on Iraq. War and Decision is a massive, detailed, well-written, finger-pointing, score-settling memoir that unwittingly confirms the reckless incompetence of those who propelled the United States unnecessarily into what promises to be the longest war in ...
